College

Chapter 1 by Tork (construction noise) Lewith

It was my first visit to the college that I was going to start on the 2nd of September. My name is James G. Lewith and I come from the great state Alaska. As I walked up the steps to the gigantic oak front doors, I realized how creepy the outward look of the castle looking university. "Maybe the inside will be more comforting," I thought. Halfway through my tour of the college I had forgotten my worries about the school not being comfortable. I was at the science room when things started going otherwise. I walked in and was met with a creepy silence. Most of the teachers were at their desks and had welcomed me, but not this time. I approached the desk and saw that there were viles of liquids spilled and bags full of sour smelling stuff all tipped over on the desk. I cautiously edged forward closer to the desk when I heard something that chilled my blood to the bones. "Ahh I've been expecting you," drawled a cold slurred voice.

Chapter 2 by intellikat

"What the fuck?" I simply blurted out. "What the fuck is this all? I'm just gonna come straight out and say it. This is a fucking campus tour... I assume you are trying to attract students to come here... to pay you tuition. But the catchword of the day is simply CREEPY. Catchphrase? School motto? CREEPY AS FUCK. Put that in Latin over your door. Cold, outdated castle structure, no central heating... a science department with shit spilled all over the place. What the fuck, guys?"

Suddenly, a cold, bony hand was placed on my shoulder.

"What the fuck, man?" I said, jerking away from its touch. "More shit like this? Are you not listening to what I'm saying?!"
